2. Workstations

- All employees to avoid the use of hot desks, unless the circumstances are exceptional.
- The cleaning guidance in relation to work stations as set out below must be followed at all times.

3. Touch Based Devices

- Where possible, employees are to limit the use of touch based devices.
- The iPads on reception will continue to remain out of use for the foreseeable future and employees are to record their attendance at the office manually via the register available on the reception desk.

- If a hot desk is required as a result of a visit by another employee to the office, they must liaise with the Office Manager. In the exceptional event that work stations have to be shared, the entire area, including the keyboard, desk, mouse and telephone, must be cleaned after use using appropriate cleaning products and methods.

- The enhanced cleaning requirements referred to below must be followed strictly insofar as touch based devices are concerned.
- Where possible, employees must use their swipe cards to log into the MFDs as opposed to using the keypad.
- To be monitored carefully by the Office Manager.

COVID-19 Guidance When Visiting Our Offices

At Awdry Bailey and Douglas we are passionate about providing a high quality service, whilst taking the health and wellbeing of our people, our clients and the local community seriously.

All of our offices are open, but at the moment meetings are usually by appointment. Please do not attend our offices if you have symptoms and/or if any of your family members have symptoms and/or you have been in contact with anyone who has symptoms; you should follow the Government's guidance regarding self isolating.

Of course, we are here to help and please do contact us by telephone or email in the first instance. We can set up video-conferencing at short notice if necessary.

Prior to this health crisis, we relished face-to-face meetings. Until there is a clearer way forward for the nation, it is best that meetings and conferences occur via the telephone/video in the majority of instances although this may not be always possible.

When attending the offices, it is of paramount importance that you comply with the social distancing measures set out by the Government.

For example, you must:

- Endeavour to wash your hands prior to attending.
- Face coverings must be worn by all visitors to our offices, unless exempt for age, health or disability reasons and must be kept on until leaving.
- Keep your distance – stay a minimum of 2 metres from any other person.
- Cover your mouth – If you cough or sneeze, please do so into a tissue and dispose of it safely. If a tissue is not available please cough or sneeze into your arm.
- Use the hand sanitiser which will be easily located on your arrival.
- Bring your own black pen in the event that you need to sign documents.
- We should endeavour to keep the meeting time as short as possible.

If you so wish, you could consider utilising disposable gloves. For further information please visit <https://www.gov.uk/>
